What's going on with the encampment cleanups? For the last few months encampments have been growing in and around our community.

Please don't reply and tell me to call it in via 311.

I have been calling them in constantly and I do not see any cleanups, as I said, it's getting worse. During the summer I did see some improvement, but since October there is an increase of encampments, trash, open drug use, loitering up and down our streets at all hours, sidewalks block, etc, etc.!!

WHAT'S GOING ON?!

What happened to the " State of Emergency ".

Is this how the City handles Emergency's?

This IS a humanitarian and Health crises. Where are all the Homeless services?

Is LAPD doing any enforcement of the open drug use, public nudity and so on..?

The following are just some of the areas that have been called in months ago and no cleanup or services have taken place.

1. Encampments/trash on sidewalk and hillside on corner of Temple and Robinson
2. Encampments/ trash under bridge and on sidewalk along Silverlake Blvd from Temple to London St.
3. Encampments / trash Under bridge and sidewalks on Hoover and John st.
4. Encampments/ trash along sidewalks on John St. dead end at Hoover
5. Encampments/ trash along sidewalks and under bridge underpass to 101 freeway along Virgil to Middlebury St and surrounding areas.
6. Encampments/trash on sidewalk at corner of Beverly and Coronado
7. Encampments/trash on sidewalks on corner of Beverly and Carondelet.
8. Encampments/ trash on sidewalks on corner of Beverly and Park View St.
9. Encampments/ Trash on sidewalks under 101 Freeway underpass on Coronado.

And finally, last but not least of course, the ever present Homeless city that has been allowed to take over, 10. Homeless city on Alvarado, under 101 freeway underpass, on sidewalks along Alvarado to Temple st.

The lack of services and respect being provided to the people of our Community and to these individuals is shameful!

These areas need to be cleaned up immediately!

These individuals need to be placed and relocated immediately.

The last time I checked, I am still paying my taxes. Why has our community been allowed to turn into skid row.?

Please respond and explain to me what exactly is going on and what if anything is being done! Hopefully you can provide some real answers instead of the usual generic responses.

Hi [REDACTED],

These locations are all on our schedule. The departments are behind due to the rains and the recent homeless count. Our office lost a few service dates and we did not get any make up dates.

I am available to schedule a call to better answer all of your questions and concerns. Let me know what works for you and I'll do my best to accommodate.

I look forward to talking to you soon.

So what is the status on these locations? It's been six months since the initial request. Six months!
The encampments continue to grow, the trash generated continued to pile up, the sidewalks are impassable. The smell of urine and feces is ever present. Drug paraphernalia on the sidewalk.
You all have allowed our community to become the new skid row.
The homeless have been pushed out of Dtla and they see that no one does anything about it.
Clean up all these areas immediately!
Service request are already submitted.
Do your jobs!!

Hi [REDACTED],

I am available to schedule a call if you wish to further discuss instead of just sending emails.

If not, then know that this is going through the process of getting scheduled, I do not have any dates/times from the department but it is in the queue.

I can provide more information if you want to take the time and talk over the phone.

Juan,

Unless you have something new to add, I'll stick to " just sending emails". If you have some news about some proactive plans, scheduled, then great! I would love to hear them. Otherwise, don't waste my time.

We keep having the same problems for over six years now, and all I hear from you and your office is the same thing over and over.

" it's on schedule " " call it in so funds can be allocated " etc, etc. You would think after all this time, better answers and solutions to the ongoing problems in our community would be looked into.

Please answer these concerns I have.

1. Why can't a cleanup be put on regular weekly schedules.? When I say cleanup, I mean the trash that is accumulated near the encampments. I realize there is a process for encampment removals, but I am talking about the trash and debris the homeless are discarding nearby. Waiting for a service request is unacceptable.

This can be scheduled routinely on a weekly basis to all usual trouble areas.

2. If no funds are available for this, why not?

After all this time what has the Mayor and the councilman done to secure more funding for this crises of unsanitary and unsafe conditions in our community.

There has to be some out of the box thinking and strong leadership in place to make sure these concerns are addressed immediately.

You all need to figure it out and GET IT DONE!
